WHY HIGH FIVE TRAINING?

- Learn how to work with younger children in camps, coaching, and more
- Earn High Five certification
- Receive 1 credit in REC 2060: Leadership in Recreation and Sport

WORK WITH YOUNGER CHILDREN

Do you want to work with younger children? Do you have a job at a summer camp, coaching, or park program?

High Five training will help you learn how to best work with younger students and provide strategies to help you support their learning. This virtual credit camp, featuring a Move and Play Through Physical Literacy workshop, will earn you certification in High Five — Canada's quality standard for recreation and leisure programs.

You will also receive 1 credit in the CTS course REC 2060: Leadership in Recreation and Sport.

Join us for this opportunity to learn, build your skills, and develop your capacity to lead recreational activities for children and youth in your community!
